## International Journal of Programming Languages and Applications (IJPLA)

### Scope & Topics

International journal of Programming Languages and applications is dedicated to the distribution of research results in the areas of Programming Languages and applications.

Authors are solicited to contribute to the journal by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the areas of Programming Languages.

**Editor In Chief:** John C. Lusth, University of Alabama, USA

**ISSN:** 1839-6291

### Topics of interest

- Simplified Programming Languages
- New Programming Paradigms
- Alternative Approaches to Common Language Features
- Special Purpose Languages (e.g. embedded or educational)

**Price: \$ 231**

## International Journal on Bioinformatics & Biosciences (IJBB)

### Scope & Topics

Bioinformatics is the application of information science and technology to the field of biology to increase the understanding of all biological process. The aim of this journal is to publish all the latest and outstanding research articles in all areas of bioinformatics and Biometrics. Researchers and scientists from the fields of biology, computer science, mathematics, statistics, and physics are invited to share their developments and new techniques in the fields of Biometrics and Bioinformatics.

**Editor In Chief:** Abdelhafid Bessaid, University of Abou Bekr Belkaid, Algeria

**ISSN:** 1839-9614

### Topics of interest

- Data visualization
- Fuzzy logic
- Hidden Markov models
- Genetic algorithms
- E-health

### URL:

**Contact Us:** [ijbbjournal@wireilla.com](mailto:ijbbjournal@wireilla.com)

**Price: \$ 231**

## Health Informatics - An International Journal (HIJ)

### Scope & Topics

Healthcare Informatics: An International Journal is a quarterly open access peer-reviewed journal that Publishes articles which contribute new results in all areas of the health care.

The journal focuses on all of aspect in theory, practices, and applications of Digital Health Records, Knowledge Engineering in Health, E-Health Information, and Information Management in healthcare, Bio-Medical Expert Systems, ICT in health promotion and related topics. Original contributions are solicited on topics covered under the broad areas such as (but not limited to) listed below:

**Editor In Chief: A.Govardhan**, Jawaharlal Nehru Technological University, India

**ISSN:** 2319 - 2046 (Online); 2319 - 3190 (Print).

### Topics of interest

- Electronic health records
- Knowledge engineering
- E-Health Information
- Information Management in healthcare
- Expert Systems in Biomedical

**Contact Us:** [hijjournal@airccse.org](mailto:hijjournal@airccse.org)

**Price: \$ 231**

## International Journal on Cybernetics & Informatics (IJCI)

### Scope & Topics

IJCI is an open access peer- reviewed journal that focuses on the areas related to cybernetics which is information, control and system theory, understands the design and function of any system and the relationship among these applications. This journal aims to provide a platform for exchanging ideas in new emerging trends that needs more focus and exposure and will attempt to publish proposals that strengthen our goals.

**Editor In Chief: Obaid Ur-Rehman**, University of Siegen, Germany

**ISSN:** 2277 - 548X (Online) ; 2320 - 8430 (Print)

### Topics of interest

- Hybrid systems
- Network Dynamics System
- Mechatronics
- Multimedia & Telecommunications
- Medical Cybernetics
