## International Journal of Computer Science & Information Technology (IJCSIT)

### Scope & Topics

The AIRCC's International Journal of Computer Science and Information Technology (IJCSIT) is devoted to fields of Computer Science and Information Systems. The IJCSIT is a peer-reviewed scientific journal published in electronic form as well as print form. The mission of this journal is to publish original contributions in its field in order to propagate knowledge amongst its readers and to be a reference publication.

**Editor In Chief: Jan Zizka**, SoNet/DI, FBE, Mendel University in Brno, Czech Republic

**ISSN:** 0975-3826(online); 0975-4660 (Print)

### Topics of interest

- Algorithms and Bioinformatics
- Computer Architecture and Real Time Systems
- Database and Data Mining
- Modeling and Simulation
- Multimedia Systems and Services
- Networking and Communications

**URL:**  
<http://airccse.org/journal/ijcsit.html>

**Contact Us:** [ijcsit@airccse.org](mailto:ijcsit@airccse.org)

**Price: \$ 231**

## International Journal of Computer Science and Engineering Survey (IJCSSES)

### Scope & Topics

The AIRCC's International Journal of Computer Science and Engineering Survey (IJCSSES) is devoted to fields of Computer Science and Engineering surveys, tutorials and overviews. The IJCSSES is a peer-reviewed scientific journal published in electronic form as well as print form. The journal will publish research surveys, tutorials and expository overviews in computer science and engineering.

**ISSN:** 0976-2760(Online); 0976-3252 (Print)

### Topics of interest

- Modeling and Simulation
- Multimedia Systems and Services
- Networking and Communications
- Parallel and Distributed Systems
- Security and Information Assurance
- Embedded System and Software
- Game and Software Engineering

**URL:**  
<http://airccse.org/journal/ijcses/index.html>

**Contact Us:** [ijcsesjournal@airccse.org](mailto:ijcsesjournal@airccse.org)

**Price: \$ 231**

## Computer Science & Engineering: An International Journal (CSEIJ)

### Scope & Topics

Computer Science & Engineering: An International Journal (CSEIJ) is a bi-monthly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Computer Science & Computer Engineering. The journal is devoted to the publication of highquality papers on theoretical and practical aspects of computer science and computer Engineering.

**Editor In Chief: Salah M. Saleh AL-MAJEED**, University of Essex, United Kingdom

**ISSN:** 2231 - 329X (Online) ; 2231 - 3583 (Print)

### Topics of interest

- Accessible Computing
- Algorithms and Computation Theory
- Artificial Intelligence and Soft Computing
- Bioinformatics and Biosciences
- Computer Architecture
- Electronic Commerce

**URL:**  
<http://airccse.org/journal/cseij/index.html>

**Contact Us:** [cseij@airccse.org](mailto:cseij@airccse.org)

**Price : \$ 231**

## Advanced Computing: An International Journal (ACIJ)

### Scope & Topics

Advanced Computing: An International Journal (ACIJ) is a bi monthly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the advanced computing. The journal focuses on all technical and practical aspects of high performance computing, green computing, pervasive computing, cloud computing etc. The goal of this journal is to bring together researchers and practitioners from academia and industry to focus on understanding advances in computing and establishing new collaborations in these areas.

**Editor In Chief: Jelena Vasiljevic,**  
University of Belgrade, Serbia

**ISSN:** 2229 -6727 [Online]; 2229 - 726X [Print]

### Topics of interest

- High Performance Computing
- Pervasive Computing
- Green Computing
- Grid Computing
- Soft Computing
- Cloud computing
- Aspect Oriented Programming
- E-learning/ E-Governance

**URL:**  
<http://airccse.org/journal/acij/acij.html>

**Contact Us:** [acijjournal@airccse.org](mailto:acijjournal@airccse.org)

**Price: \$ 231**

## International Journal of Information Technology Convergence and Services (IJITCS)

### Scope & Topics

International Journal of Information Technology Convergence and services (IJITCS) is a bi-monthly open access peer-reviewed journal that publishes articles which contribute new results in all areas of Information Technology Convergence and services. The journal focuses on all technical and practical aspects of ITC & S. Information Technology Convergence and services, and establishing new collaborations in these areas.

**Editor In Chief: K. K. Patel,** Charotar  
University of Science & Technology,  
India

**ISSN:** 2231 - 153X (Online); 2231 - 1939 (Print)

### Topics of interest

- Advanced IT Bio/Medical Engineering
- Bioinformatics and applications
- Business and Information Systems
- Cloud computing
- Multimedia convergence
- Smart Card and RFID Technologies
- Soft Computing and Intelligent Systems

**URL:**  
<http://airccse.org/journal/ijitcs/index.html>

**Contact Us:** [ijitcsjournal@airccse.org](mailto:ijitcsjournal@airccse.org)

**Price: \$ 231**

## International Journal of Computer Science, Engineering and Applications (IJCSEA)

### Scope & Topics

International Journal of Computer Science, Engineering and Applications (IJCSEA) is an open access peer-reviewed journal that publishes articles which contribute new results in all areas of the computer science, Engineering and Applications. The journal is devoted to the Publication of high quality papers on theoretical and practical aspects of computer science, Engineering and Applications.

**Editor In Chief: Manish Kumar**  
Anand, Salesforce (R&D Analytics),  
USA

**ISSN:** 2230 - 9616 [Online]; 2231 - 0088 [Print]

### Topics of interest

- Algorithms and Bioinformatics
- Computer Architecture and Real time Systems
- Database and Data Mining
- Dependable, reliable and autonomic computing
- Distributed and parallel systems & algorithms

**URL:**  
<http://airccse.org/journal/ijcsea/index.html>

**Contact Us:** [ijcseajournal@airccse.org](mailto:ijcseajournal@airccse.org)

**Price: \$ 231**

## International Journal of Advanced Information Technology (IJAiT)

### Scope & Topics

International journal of advanced Information technology (IJAiT) is a bi monthly open access peer-reviewed journal, will act as a major forum for the presentation of innovative ideas, approaches, developments, and research projects in the area advanced information technology applications and services. It will also serve to facilitate the exchange of information between researchers and industry professionals to discuss the latest issues and advancement in the area of advanced IT. Core areas of advanced IT and multi-disciplinary and its applications will be covered during the conferences.

**Editor In Chief: Danda B. Rawat,**  
Eastern Kentucky University, USA

**ISSN:** 2231 - 1548 [Online] ; 2231 - 1920 [Print]

### Topics of interest

- Computational Science and Applications
- Computational Mathematics
- Intelligent Manufacturing Technology and Services
- Computational Engineering
- E- Commerce, Business and Management

### URL:

<http://airccse.org/journal/IJAiT/ijait.html>

**Contact Us:** [ijaitjournal@airccse.org](mailto:ijaitjournal@airccse.org)

**Price: \$ 231**

## International Journal of Information Sciences and Techniques (IJIST)

### Scope & Topics

The International Journal of Information Science & techniques focuses on system modeling and information techniques in real engineering and scientific problems. . This journal provides a forum that impacts the development of scientific computing, complex systems, control theory, signal and image processing, scheduling, data mining, discrete systems. It also acts as a path to exchange novel ideas about new modeling techniques.

**Editor In Chief: Jan Zizka,** SoNet/DI, FBE, Mendel University in Brno, Czech Republic.

**ISSN:** 2249-1139 [Online]; 2319 - 409X [Print]

### Topics of interest

- Soft Computing
- Computer Architecture
- Photonics Network
- Mobile Networks
- Robotics
- Computer Vision

### URL:

<http://airccse.org/journal/IS/index.html>

**Contact Us:** [ijistjournal@airccse.org](mailto:ijistjournal@airccse.org)

**Price: \$ 231**

## International Journal of Computer Science, Engineering and Information Technology (IJCSEIT)

### Scope & Topics

International Journal of Computer Science, Engineering and Information Technology (IJCSEIT) will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Computer Science, Engineering and Information Technology. The Journal looks for significant contributions to all major fields of the Computer Science and Information Technology in theoretical and practical aspects. The aim of the Journal is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

**Editor In Chief: Murugan Dhanuskodi,** Manonmaniam Sundaranar University, India

**ISSN:** 2231 - 3117 [Online] ; 2231 - 3605 [Print]

### Topics of interest

- Networking and communications
- Performance Evaluation
- Programming Languages
- Software Engineering
- Web and Internet Computing
- Theoretical Computer Science
- Natural Language Processing

### URL:

<http://airccse.org/journal/ijcseit/ijcseit.html>

**Contact Us:** [ijcseitjournal@airccse.org](mailto:ijcseitjournal@airccse.org)

**Price: \$ 231**

## International Journal of Information Technology, Control and Automation (IJITCA)

### Scope & Topics

The International Journal of Information Technology, Control and Automation (IJITCA) is a Quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of Information Technology (IT), Control Systems and Automation Engineering. The journal focuses on all technical and practical aspects of IT, Control Systems and Automation with applications in real-world engineering and scientific problems.

The goal of this journal is to bring together researchers and practitioners from academia and industry to focus on information technology, control engineering, automation, modeling concepts and establishing new collaborations in these areas.

**Editor In Chief:** David C. Wyld,  
Southeastern Louisiana University,  
USA

**ISSN:** 1839-6682

### Topics of interest

- Computer controlled systems
- Computer vision
- Computational biology
- Control devices and instruments
- Control theory
- Data mining
- Design system and algorithm

### URL:

<http://airccse.org/journal/ijitca/ijitca.html>

**Contact us:** [ijitcajournal@yahoo.com](mailto:ijitcajournal@yahoo.com)

**Price:** \$ 231

## Computer Applications: An International Journal (CAIJ)

### Scope & Topics

Computer Applications: An International Journal (CAIJ) is a Quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Computer Science Applications. The journal is devoted to the publication of high quality papers on theoretical and practical aspects of computer science applications. The goal of this journal is to bring together researchers and practitioners from academia and industry to focus on Computer science application advancements, and establishing new collaborations in these areas. Original research papers, state-of-the-art reviews are invited for publication in all areas of Computer Science Applications.

**Editor In Chief:** Sugam Sharma,  
Iowa State University, USA

**ISSN:** 2393 – 8455

### Topics of interest

- Health Informatics
- High Performance Computing
- Information Retrieval
- Internet Engineering & Web services
- Management Information Systems
- Measurement and Evaluation
- Micro architecture
