Mechanical Engineering: An International Journal (MEIJ)

Scope & Topics

Mechanical Engineering: An International Journal (MEIJ) is a peer-reviewed, open access journal that addresses the impacts and challenges of Mechanical Engineering. The journal documents practical and theoretical results which make a fundamental contribution for the development of Mechanical Engineering.

Topics of Interest

- Manufacturing Processes
- Materials Engineering
- Mechanical Sciences
- Mechatronics
- Solid Mechanics

Editor-in-Chief: N.Rajeswari,
Velammal Engineering College, India

ISSN: 2349-2651

URL:
<http://airccse.com/meij/index.html>

Contact us: meijjournal@airccse.org

Price: \$231

Circuits and Systems: An International Journal (CSIJ)

Scope & Topics

Circuits and Systems: An International Journal (CSIJ) is an open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Circuits and Systems and Applications. The journal is devoted to the publication of high quality papers on theoretical and practical aspects of Circuits and Systems and Applications

Topics of Interest

- Sensing and Sensor Networks
- Simulation and Modeling
- Test and Reliability
- VLSI Systems and Applications
- Digital Communications

ISSN: 2349-2171

URL:
<http://airccse.com/csij/index.html>

Contact us: csijjournal@airccse.com

Price: \$231

Electrical Engineering: An International Journal (EEIJ)

Scope & Topics

Electrical Engineering: An International Journal (EEIJ) is a Quarterly peer-reviewed and refereed open access journal that publishes articles which contribute new results in all areas of Electrical Engineering. The journal is devoted to the publication of high quality papers on theoretical and practical aspects of Electrical Engineering.

Topics of Interest

- Bio Informatics
- Biomedical Instrumentation
- Optimization techniques
- Photonics
- Power and Energy Systems

ISSN: 2349-3738

URL:
<http://airccse.com/eeij/index.html>

Contact us: eeij@airccse.org

Price: \$231

Advanced Energy: An International Journal (AEIJ)

Scope & Topics

Advanced Energy: An International Journal (AEIJ) is a quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Energy Engineering and allied fields. This multi disciplinary journal is devoted to the publication of high quality papers on theoretical and practical aspects of Energy Engineering.

Topics of Interest

- Data Analysis
- Electrical Grids
- Energy Management
- Energy Storage
- Experimental Support

ISSN: 2349-6231

URL:

<http://airccse.com/aeij/index.html>

Contact us: aeijjournal@airccse.com

Price: \$231

Civil Engineering and Urban Planning: An International Journal (CiVEJ)

Scope & Topics

Civil Engineering and Urban Planning: An International Journal (CiVEJ) is an open-access, peer-reviewed journal that publishes articles which contribute new results in all areas of the Civil Engineering and Urban Planning. The journal is devoted to the publication of high quality papers on theoretical and practical aspects of Civil Engineering and Urban Planning.

Topics of Interest

- Urban planning
- Geo-environmental Engineering
- GIS & Remote Sensing
- Ground Improvement Techniques
- Health, Safety & Environment

ISSN: 2394-5818

URL:

<http://airccse.com/civej/index.html>

Contact us: civejournal@airccse.org

Price: \$231

Integrated Optics and Lightwave: An International Journal (OPTLJ)

Scope & Topics

Innovations in optical fiber technology are revolutionizing world communications. Newly developed Optical fibers and amplifiers allow direct transmission of high-speed signals over transcontinental distances without the need for electronic regeneration. Optical fibers find new applications in data processing.

Topics of Interest

- Gas Lasers and Applications
- Coding and signal processing
- Modulating retro-reflector
- Intensity modulation
- Optical wireless & Optical carrier

URL:

<http://airccse.com/optlj/index.html>

Contact us: optljjournal@airccse.org

Price: \$231

Advances in Materials Science and Engineering : An International Journal (MSEJ)

Scope & Topics

Advances in Materials Science and Engineering: An International Journal (MSEJ) is a quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Materials Science and Engineering. The journal is devoted to the publication of high quality papers on theoretical and practical aspects of Materials Science and Engineering.

Topics of Interest

- Composites
- Corrosion
- Diffraction studies
- Energy
- Fracture of materials

ISSN: 2394-0824

URL:

<http://airccse.com/msej/index.html>

Contact us: aeijjournal@airccse.com

Price: \$231

Chemical Engineering: An International Journal (CEIJ)

Scope & Topics

Chemical Engineering: An International Journal (CEIJ) is a Quarterly peer-reviewed and refereed open access journal that publishes articles which contribute new results in all areas of Chemical Engineering. The journal is devoted to the publication of high quality papers on theoretical and practical aspects of Chemical Engineering research.

Topics of Interest

- Catalysis and Reaction Engineering
- Energy
- Environment
- Materials Engineering
- Process Systems Engineering

URL:

<http://airccse.com/ceij/index.html>

Contact us: ceijjournals@airccse.com

Price: \$231

Operations Research and Applications: An International Journal (ORAJ)

Scope & Topics

Operations Research and Applications: An International Journal (ORAJ) is a quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Operations Research and innovative Applications. The journal focuses on all technical and practical aspects of Operations Research, applications and Implementation techniques.

URL:

<http://airccse.com/oraj/index.html>

Contact us: orajjournal@airccse.org

Price: \$231

Aerospace Engineering: An International Journal (AEROIJ)

Scope & Topics

Aerospace Engineering: An International Journal (AEROIJ) is a quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Aerospace Engineering and related fields. The journal focuses on all technical and practical aspects of Aerospace Engineering Research, applications and Implementation techniques.

Topics of Interest

- Aerodynamics
- Bio-fluid mechanics
- Flight Mechanics
- Industrial Aerodynamics
- Industrial noise control

URL:

<http://airccse.com/aeroij/index.html>

Contact us: aeroij@airccse.com

Price: \$231

International Journal of Advance Robotics & Expert Systems (JARES)

Scope & Topics

Advance Robotics & Expert Systems carry original articles, review articles, case studies and short communications from all over the world. The main aim of this journal is to extend the state of the art on theoretical, computational and experimental aspects of expert systems related to the applied fields such as transportation, surveillance, medical and industrial domains

Topics of Interest

- Robot Locomotion
- Underwater Systems
- Space Exploration Systems
- Unmanned Aerial Systems
- Rehabilitation Robotics

URL:

<http://airccse.com/jares/index.html>

Contact us: eicjares@airccse.com

Price: \$231

Advances in Engineering: an International Journal (ADEIJ)

Scope & Topics

Advances in Engineering: an International Journal (ADEIJ) is a quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Engineering. The journal focuses on all technical and practical aspects of Engineering.

Topics of Interest

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Food Sciences
- Geomatic Engineering

URL:

<http://airccse.com/adeij/index.html>

Contact us: adeij.journal@airccse.com

Price: \$231

Emerging Trends in Electrical, Electronics & Instrumentation Engineering: An international Journal (EEIEJ)

Scope & Topics

Emerging Trends in Electrical, Electronics & Instrumentation Engineering: An international Journal aims to bring together researchers and practitioners from academia and industry to focus on recent systems and techniques in the broad field of electrical, instrumentation and communication Engineering. Original research papers, state-of-the-art reviews are invited for publication in all areas of Electrical Electronics & Instrumentation Engineering.

Topics of Interest

- Bio Informatics
- VLSI technology & Design
- Digital signal processing
- Mechatronics & Avionics
- Optimization techniques

URL:

<http://airccse.com/eeiej/index.html>

Contact us: eeiejjournal@airccse.com

Price: \$231

International Journal of Computational Science, Information Technology and Control Engineering (IJCSITCE)

Scope & Topics

The International Journal of Computational Science, Information Technology and Control Engineering (IJCSITCE) is an open access peer-reviewed journal that publishes quality articles which make innovative contributions in all areas of Computational Science, Mathematical Modeling, Information Technology, Networks, Computer Science, Control and Automation Engineering. IJCSITCE is an abstracted and indexed journal that focuses on all technical and practical aspects of Scientific Computing.

Topics of Interest

- Automation
- Biomedical engineering
- Biomedical instrumentation
- Computational biology
- Computational science

URL:

<http://airccse.com/ijcsitce/index.html>

Contact us: ijcsitce@airccse.com

Price: \$231

International Journal of Applied Control, Electrical and Electronics Engineering (IJACEEE)

Scope & Topics

The International Journal of Applied Control, Electrical and Electronics Engineering (IJACEEE) is an open access peer-reviewed journal that publishes quality articles contributing new results in all areas of Applied Control Systems, Electrical Engineering and Electronics Engineering. The International Journal of Applied Control, Electrical and Electronics Engineering (IJACEEE) is an abstracted and indexed international journal of high quality devoted to the publication of original research papers from Control Systems, Electrical Engineering,

Topics of Interest

- Adaptive control
- Automation
- Biomedical engineering
- Chaos theory and control
- Communication engineering

URL:

<http://airccse.com/ijaceee/index.html>

Contact us: ijace@airccse.com

Price: \$231

Mechatronics and Applications: An International Journal (MECHATROJ)

Scope & Topics

Mechatronics and Applications: An International Journal (MECHATROJ) is a quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Mechatronics and Applications. The journal focuses on all technical and practical aspects of Mechatronics Engineering Research, applications and Implementation techniques

Topics of Interest

- Automotive systems
- Autonomous systems
- Biomedical Engineering
- Control and Automation
- Machine Design
